

## **Research Engineers Needed**

For a rural-based Institute to work on high technologies for rural application.

The candidates must have M.Tech/Ph.D. (preferably Ph.D.) in any branch of engineering but preferably in Mechanical /Chemical Engineering and must have a flair for invention and research.

Salary will be similar to that in academia. However this job is not like most other job, but is more like a mission. You will be a part of a project for creating new, exciting and high technologies for rural areas.

For areas of research visit us at: [www.nariphaltan.org/hitechcenter.pdf](http://www.nariphaltan.org/hitechcenter.pdf) and our website [www.nariphaltan.org](http://www.nariphaltan.org).

Please apply immediately together with the names of three professional references to :

Director,  
Nimbkar Agricultural Research Institute,  
P.O. Box 44, Lonand Road,  
**PHALTAN-415523**, Maharashtra, India
